

# What Are You Waiting For?

*Let RFCU help you save money while also helping you build the equity in your home reducing you overall debt.*

Take advantage of a RFCU Low Interest Rate Mortgage or Home Equity Loan. Whether you are looking to purchase a home, refinance an existing mortgage/home equity loan, or consolidate some debt to save money and lower either your monthly payment, overall interest paid, or both. Give us the opportunity to help you secure your financial future.

We have several attractive options for refinancing to reduce monthly payments, reduce overall interest paid or consolidate debt. Some of those options include:

- Switching to a lower fixed rate from a higher adjustable rate (reduces overall interest paid and cuts monthly payments)
- Switching from a longer-term loan to a shorter-term loan (can significantly reduce overall interest paid but increases monthly payments)

One of the best things you can do for your financial security is get the right mortgage loan for the right situation

**Still unsure, What do you have to lose?  
Nothing...except MORE \$\$\$\$ in your pocket!!**
